Opportunities for Students

William and Mary Center for Gifted Education: Spring Saturday Enrichment Programs (Virtual)--Registration now open!

SEP is an academically challenging program with an emphasis on inquiry-based learning for students. The program is not meant to supplant the regular school curriculum; rather, it recognizes the importance of allowing able youngsters to explore additional specialized areas of science, mathematics, humanities, and arts. Course activities are compatible with the expected achievement of talented students at specific grade and age levels. **Spring registration is open for March Classes. [Select this link to access the site.](#) (Deadline March 1st).**

Creative Communication: Poetry Contest

This poetry contest is open to students in grades K-9th. Participants have the opportunity to win prizes and be published. [Select this link to learn more.](#)

3M Young Scientist Challenge

The annual Discovery Education 3M Young Scientist Challenge invites students in grades 5-8 to submit a 1-2 minute video describing a unique solution to an everyday problem for the chance to win \$25,000 and an exclusive 3M Mentorship. Ten finalists will be chosen for their passion for science, spirit of innovation and ingenuity, and effective communication skills. Deadline to submit: April 22, 2022. [Select this link to learn more.](#)

Summer Enrichment Opportunities

Take advantage of the wonderful opportunities available for your child! Most camps have updated their information and some have already started to accept applications! [Select this link to be taken to summer camp opportunities.](#)

Resources for Parents

[Gifted 101: Our Favorite Gifted Parenting Books](#)

Check out this list of books on gifted parenting that covers topics such as parenting, education options, social-emotional development, and more. While there is always more to learn, these books will hopefully provide a great foundation of information for your gifted family!

[Parent Workshops by SENG](#)

SMPG workshops meet weekly for 8-10 weeks and are structured around A Parent's Guide to Gifted Children, by James T. Webb, Janet L. Gore, Edward Amend, and Arlene DeVries.
